

Bailey's Crossroads Seven Corners Revitalization Corporation Beautification Awards

BC7RC is sponsoring Beautification Awards to recognize businesses and property owners of commercial or multi-family residential properties that contribute to the beautification of their neighborhoods. Eligible properties are visible from the public right-of-way and have made substantial improvements to their property within the 12 months and/or have continued to maintain their existing property in an aesthetically pleasing condition. Judging is limited to property visible from the public right-of-way.

BC7RC members and non-members may submit nominations, which are based on the following:

- Nominee made considerable improvement to the exterior of the property within the past year. This could be paint, landscaping, signage, etc.
- Property enhances the image of the Bailey's Crossroads / Culmore / Seven Corners area.
- Unique ideas or innovations were used for this project.
- Beautification efforts have inspired neighbors to improve their property.

Award recipients receive a certificate from BC7RC and are recognized on BC7RC's website and in the Annandale Blog.

The BC7RC Board reviews nominations and selects Award recipients.

Nominations for the Spring 2017 award(s) are due by June 1, 2017, and the winner(s) will be announced by July 18, 2017.

To submit a nomination, please complete the Nomination Form and return it to
